## MORGAN CREEK GOLF CLUB VANCOUVER, BRITISH COLUMBIA

Morgan Creek Golf Course is a Thomas McBroom designed championship golf course located just 35 minutes south of downtown Vancouver. Ranked in the top 50 in Canada by Score Magazine, this is a very well designed course with an exceptional feeling of spaciousness for a city location.

The course features rolling bent grass fairways and offers superior drainage for year-round play. At 6,967 yards, the 18-hole, par-72 [Par 73 for Ladies] championship course has the look, feel and play characteristics of a time-honoured classic, inviting to novice and experienced players alike.

The Creek itself plays an integral part throughout the course, but when in play is always in a risk reward position, and never in a location where a good golf hole becomes "tricked". The creek also provides the opportunity for a significant amount of ponds and lateral hazards, but the end result is so delightful you might feel less aggrieved by the loss of one or two Pro V1's.

This is also a fine walking course, and it is never a long walk from green to tee, an attribute we always enjoy in a modern golf course. Whilst carts are available, this is a very pleasant walk indeed, and the feeling of tranquillity within the estate is quite remarkable.

Our favourite hole must be the par 5 493 yard 17th. A large green with water in front tempts the long hitter who can quite easily reach this hole in two, but it is such a narrow landing area just short and right of the green, only a direct hit is really worth it. It might be best to play for the 100 yard wedge shot to a green with a number of subtle slopes to contend with. The finishing hole is equally impressive as you make your way back up to the Clubhouse, but we know you will have enjoyed your round and will have much to discuss as you enjoy your post-round refreshments.

The Club has an excellent bar and grill, a fine driving range (sadly netted) and an excellent patio to enjoy the views over the course and to the Mountains of the North Shore.
