## GOLF HOLIDAYS 2007-2008

### PENINSULA LAKES GOLF CLUB FENWICK, ONTARIO

Peninsula Lakes Golf Club, designed by the renowned architect Rene Muylaert, has been sculpted from the remains of an old sand and gravel quarry. Utilizing the site's unique topography, this 27 hole layout features spectacular greens and fairways that wind through a variety of lakes, ponds, and orchards.

Muylaert's knowledge of golf's subtleties combined with his years of experience are evident in the design of Peninsula Lakes, and make it a "must play" when visiting the Niagara Region. A four star winner in Golf Digest's "Places to Play" and consistently ranked as one of the best conditioned courses in Ontario, Peninsula Lakes is a treat for golfers of all levels.

Recently all of the sand traps have been changed to Ohio white. This has added much character to the well-designed bunkers. Located atop the Niagara escarpment, the course has many scenic vistas to compliment the immaculately manicured and maintained fairways and speedy greens. The course also boasts beautiful gardens, adding a touch of class to each tee block.

The original back nine or Hillside Nine is a Jenahura favourite. Hole number four has to be one of the best signature holes on the property. With water both left and right off the tee, the first shot will most certainly hold your attention. Once you have managed to hit your tee ball to the centre of the fairway on this 416 yard hole, you will be struck by the view across the flat water of a pond. You must choose the right club for your second shot or face the watery consequences. The tranquility in this back corner of the golf course is memorable.

The beauty of Peninsula Lakes is very much defined by its location. Although it is less than 20 minutes drive from Niagara, its location provides a great feeling of spaciousness and tranquillity, and of all the courses you play in the region, this one will surprise you the most.
