## GOLF HOLIDAYS 2007-2008

### THUNDERING WATERS GOLF CLUB NIAGARA FALLS, ONTARIO

Just 1500 yards from arguably the most famous natural wonder in the world is a golf course that simply takes your breath away. Thundering Waters Golf Club is John Daly's first "signature" golf course in Canada. It seems fitting that "Big John" chose this site to put his mark on the golf course design world, and make no mistake, this is a big, challenging, test of golf. With a slope of 149 and measuring 7200 yards, it is possibly the toughest test of golf you will undertake, if, that is, you choose the back tees. We recommend most golfers choose their tees carefully, for the truth is you will enjoy the course enormously for it's beautiful trees and natural setting.

The golf course features the high risk-reward style of John Daly to enhance the excitement for players of all skill levels. Thundering Waters reminds you of the parkland tranquillity of Augusta National and tree lined fairways of Wentworth's West course, whilst some of the more wide open holes have fairways and mounds reminiscent of a seaside course. Sweeping fairways, undulating greens, sculpted bunkers and meandering creeks all nestle between towering trees to create a true masterpiece.

Whilst the par 5, 637 yard 2nd hole is certainly a challenge, the 18th hole is a memorable masterpiece, a 546 yard par 5, which doglegs from left to right and is lined with water on the left side from about 200 yards into a dangerous green. Long hitters will surely be tempted to cut the corner and have a go, whilst the shorter hitters will find bunkers await a poor lay-up, and for all, the prospect of a pulled approach ending in the water will be a true mental challenge at the end of such an enjoyable round.

Three holes feature a large canal which carries water from the Niagara river, and it is from this direction one is constantly reminded that the Falls are just a few hundred yards away. Indeed, one only has to look up from anywhere on the golf course to see a cloud of spray from the Falls reaching several hundred feet in the air, which must surely be a fine distraction no matter what your score!
